DT04 Rec'd PCT/PTO 0 4 OCT 2004

In accordance with 37 CFR §1.97(g), the filing of this IDS shall not be construed to mean that a search has been made or that no other material information as defined under 37 CFR §1.56(a) exists.

Enclosed is a European Patent Office Search Report dated November 25, 2002, issued in international patent application number PCT/IB02/01046, from which the present application now claims priority.

Also enclosed is a Form PTO-1449 listing the cited references. The relevance of the references is either specifically explained in the application specification, or is otherwise believed to be relevant to this case. Copies of non-US cited references are also enclosed herewith (pursuant to the USPTO waiver of the requirement to submit copies of US references). The abstract of each reference provides a concise explanation thereof.

This IDS is being submitted simultaneously with the application for patent in this matter; therefore, the undersigned respectfully submits that no fee is due for filing this IDS. The Commissioner is hereby authorized to charge to deposit account 23-0442 any fee deficiency required to submit this IDS.
